

Consultis Places Excellence with Exceptional Technical Talent

At Consultis, we deliver dynamic, efficient technical workforce solutions that generate results for your business. What's our secret? A 30-plus-year history in the business and a thorough understanding of what it takes to meet our clients' technical resource needs.

The Consultis Difference

- ▲ **Industry Best.** We have a network of 650,000 fully vetted, highly skilled candidates that you wouldn't typically find on job boards.
- ▲ **#ConsultisExcellence.** We attract, engage and retain the right candidates you need for the job as well as provide skill assessments and on-boarding support so that your candidate can hit the ground running.
- ▲ **Reliable Talent.** We understand exactly what kind of talent you need, which is why 96% of the projects we have placed talent on for clients have been completed on time and on budget.

Proven Technical Solutions

Our placement ratio is 5% above the industry average. Here's why our clients choose our talent:

- ▲ **The Right Technical Skills:** Our ProveIT Validation Center provides over 800 technical skill assessments including .NET, Java, Microsoft, Unix, PeopleSoft, Oracle, SAP and more.
- ▲ **Beyond The Resume Candidate Information:** We create Candidate Suitability Profiles that provide in-depth candidate information to help you make the right hiring decision.

Technical Services

Our services provide you with precisely the talent you need, when you need it:

Resource Placement: Hire a precise match of talent for immediate impact in a direct full-time position.

Contract: Bring on Consultants with precisely the skills you need on a contractual basis.

Contract-to-Hire: See if individuals are the right talent before hiring them on full-time with our Working Interview Program.

Project Solution Services: Hire a team of technical talent for a specific project with critical deliverables for Application or Infrastructure Services.
